Arts Commission Announces \$3,165,603 in Statewide Grant Awards for Fiscal Year 2006-2007

(Phoenix, Ariz.) – On June 29, 2006, the fifteen Governor-appointed members of the Arizona Commission on the Arts approved \$3,165,603 in matching grants to arts and community organizations and schools for the 2006 – 2007 fiscal year. These grants are funded from the state’s general fund, Arizona Arts Trust Fund, Arizona ArtShare, and the National Endowment for the Arts.

The Commission’s grant program is administered by a staff that travels the state to encourage communities to develop arts programs that serve the needs of their citizens. The staff provides expertise to help individual artists, established and developing arts organizations, and schools to develop strong proposals for funding, and to help build programs that broaden, deepen, and diversify individual cultural experiences of people and strengthen local communities. In this way, the Arizona Commission on the Arts seeks to build a better Arizona through the arts.

The Commission is pleased to recognize 162 arts organizations with general operating support grants for providing ongoing public programming; these organizations are expanding audiences, working to continually improve their artistic and management development and committed to increasing the ethnic diversity of their boards. The Commission will also be a partner in 290 projects, serving every county of the state.

Grant Overview:

- 290 projects serving every county of the state were recommended for funding through a public peer review, for a total of 452 awards were made.
- 119 or 26% of the funded proposals were to organizations that had not applied for funding last year.
- 228 or 50% of the funded proposals support arts education programs in the schools or after-school directly or indirectly.
- 45 projects serving ethnic-run organizations were funded.
- 10 mid-size and 6 large organizations received Arizona ArtShare Working Capital Grants, a smart business practice and a stabilization tool for the future.
- 7 Arts Link to Tourism and the Economy (ALTE) grants were given to the communities of Bisbee, Tucson, Grand Canyon, Flagstaff, and Prescott to grow their capacity to serve cultural tourism.

Throughout the state of Arizona, the Arizona Commission on the Arts awarded funds for the following arts projects:

A Ludwig Dance Theatre, Tempe, \$1,547, General Operating Support I
